EXPERIENCE

Freelance UX designer, China- Suzhou

Jan 2022- PRESENT

A freelance UX designer since I got my [Google professional UX design certificate](#).

During my studies, I worked on a few projects solving problems with my designs. You can check my portfolio [here](#).

Currently developing my web development (HTML, CSS, javascript, PHP), building my portfolio, and leveling up my design skills.

Ready to work in China, USA, Canada, or Europe.

My UX Skills

- Empathizing with users by creating empathy maps, personas, user stories, and user journey maps
- Defining user pain points
- Ideating design solutions using Crazy Eights, How Might We, and competitive audits
- Creating wireframes and prototypes on paper and digitally
- Developing mockups using visual design elements and principles
- Designing in Figma and Adobe XD
- Conducting interviews and usability studies
- Considering accessibility at every point in the design process
- Intermediate knowledge of HTML, CSS, and JS.
